### JFL42

- JFL42 features some of today's top comedians and rising stars in a curated lineup that takes place over a 10-day period in Toronto

- JFL42 has just introduced an incredibly innovative and exciting new app system that will allow comedy fans to experience this festival like never before
- The new app allows show-goers to purchase a digital pass, rather than individual hard tickets. Each pass comes with a certain number of credits that can be redeemed towards reserving a spot for any show they wish to see.
- Once a show-goer uses their pass and credit to enter the reserved show, the credit spent on that show is automatically returned to their account, where it can then be used to reserve for another show.
- This app was created with JFL42 fans in mind, in order to give them the best festival experience possible by checking out as many shows as they can!
